**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I have been using Sonic Net as my internet provider, because of the years long abuse I saw from Comcast due to their monopoly status on cable broadband. It is a shame that US in general does not have sufficient fiber coverage in this day and age. I think this is mainly because of the lack of competition, and the policies around protecting big players like AT&T, Comcast and Verizon. If we want to remain competitive globally, it is imperative to encourage more competition in this space as well as invest in fiber infrastructure.
